Software Engineer with two years of experience in frontend development using Angular. Currently, I am enhancing my skills in React and Spring Boot. After spending a year in Australia, where I embraced new challenges and gained valuable life experiences, I am eager to apply my technical expertise and adventurous mindset in a full-stack developer role in Thailand.

Skills

- **Programming Languages:** Java, JavaScript, TypeScript, Node.js, HTML, CSS, Object-Oriented Programming
- **Frameworks/Libraries:** React.js, Spring Boot, Angular, NgRx/RxJS, Jasmine
- **Databases:** SQL(MySQL), NoSQL (MongoDB)
- **Tools/Technologies:** Git, Apache Kafka, Docker, Microservices, REST APIs, Jenkins, Jira, Miro, Figma

Experience

Allianz Technology Thailand   JUL 2022 – March 2024
Associate Frontend Developer

- Collaborated with cross-functional teams to design and implement new features, ensuring seamless integration with backend components.
- Conducted code reviews and provided constructive feedback to peers, improving code quality and team collaboration.
- Developed features and resolved issues using **Angular**, **JavaScript**, and **TypeScript**, following project requirements.
- Troubleshot and fixed bugs, ensuring smooth frontend service operation and enhanced user experience.
- Wrote comprehensive **unit tests** to ensure the reliability and stability of frontend components.
- Actively participated in sprint planning, refinement, retrospective, daily stand-up, and high-level design meetings.

Education

Assumption University
The Martin de Tours School of Management and Economics

- **Major in Management Information System | Minor in Finance**

Languages

- Thai
- English

Certifications

- Managing Agile Project using Scrum - Trainocate
- Source code management with Git - Trainocate
- Spring Boot in Action – Trainocate
- Introduction to Database and NoSQL – Trainocate
- Manage Container with Docker – Trainocate

Soft Skills

- **Problem-Solving:** Adept at finding efficient solutions in complex technical environments.
- **Team Collaboration:** Strong team player, experienced in working in Agile teams and collaborating across functions.
- **Adaptability:** Quick to learn and transition between technologies like Angular and React.
- **Attention to Detail:** Meticulous in code review, bug-fixing, and ensuring all components work together harmoniously.
- **Growth Mindset:** Continuously seeking feedback and opportunities for self-improvement.
- **Resilience:** Gained independence and overcame challenges while living abroad.
- **Cultural Awareness:** Able to collaborate effectively with diverse teams and navigate different cultural contexts.
